

NoteBook CHALLENGE 2025

Article 1. GENERAL

LogiRace company organize a NoteBook Challenge designed to reward co-drivers who using NoteBook and/or iNoteBook products.

Any licence-holder cheating or subject to a disciplinary measure against one or another of the National or International Federations will be excluded from the challenge.

Article 2. PARTICIPATING TO THE NOTEBOOK CHALLENGE'

Licensed co-drivers wishing to take part in the Challenge must send an e-mail to the following address challenge@rally-notebook.com , an e-mail with your details:

- Name Surname Nationality
- Postal address
- Email address
- Phone coordinates
- One picture
- One copy of your 2025' license

To register the results and points, each co-drivers must send to NoteBook an e-mail with the proof of each participation with your Notebook or iNoteBook and your classification, no later than the week following the rally.

The challenge is contested on all events on the national and international calendars.

The challenge is valid for all rallies organized from January 2025 the 1st to the 31st December 2025, from local rallies to WRC events.

LogiRace will validate the results received by each co-driver after verification of the official final classification.

Article 3. AWARDING OF POINTS NOTEBOOK CHALLENGE

Points will be based on the basis of the class classification for each rally, **without any coefficient.**

NoteBook CHALLENGE 2025

Points awarded to the class only:

- 1st 20 points
 - 2nd 15 points
 - 3rd 12 points
 - 4th 10 points
 - 5th 8 points
 - 6th 7 points
 - 7th 6 points
 - 8th 5 points
 - 9th 4 points
 - 10th 3 points
-
- Codriver who retired but having start the first stage of the rally 1 points.

These points cannot be combined

No coefficient will be applied whatever rally category'.

Article 4. CLASSIFICATION

For the final classification of each challenge, all the results submitted (in accordance with the rules) will be taken into account.

The codrivers with the biggest number of points in their challenge will be declared winners.

Dead heat in the challenges will be broken according to the following points, step by step, until all ties have been broken:

- 1- By the lowest number of participations. (the co-driver with the highest number of points and the lowest number of participations will be declared the winner).
- 2- In the event of a further dead heat, the co-driver with the best result in the qualifying rallies with the highest total mileage of special stages will be declared the winner. If these criteria do not enable a tie to be broken, LogiRace will take a decision based on the number of starters in each class, group and scratch classification.

The provisional and final classifications will be published regularly on the website. www.rally-notebook.com and on NoteBook' social media channels.

Participants in the NoteBook Challenge are responsible for their classifications and for sending in their results. If an error is noticed, the co-driver concerned must send his/her comments by e-mail to NoteBook, for the first half of the season before 31st of July and for the second half of the season before 20 December.
